

Tobacco-Free Recovery Learning Community Application

Purpose of Tobacco-Free Recovery Learning Community: To support state/territory/native nation teams in driving systems change that increases access to evidence-based tobacco use treatment and behavioral supports for people with mental health and/or substance use conditions. Through an 18-month peer learning cohort with individualized technical assistance, teams will build cross-agency partnerships, convene a state-level Tobacco-Free Recovery Leadership Academy, and develop and implement a Tobacco-Free Recovery Action Plan aimed at reducing rates of commercial tobacco use among people with behavioral health conditions.

If you have any questions about Tobacco-Free Recovery Learning Community application or your eligibility to participate, please contact CoE-TFR Project Director, David Davis, at ddavis@caiglobal.org and Project Manager, Nicole Fillion, at nfillion@caiglobal.org.
